25X1 11. Discussed with John Leahy of the Congressional Affairs Office
25X1 of the Department of State, State Cable 125 from Manila dated 8 July 1958
25X1 concerning a telephone call that Ambassador Bohlen in Manila had
received from Congressman Jarman. Leahy was advised that we would
be interested in the results of their talk with Jarman and the degree of
his relationship with [] who was the subject of Jarman's call
to Bohlen. Leahy called later to state that he had seen Jarman and
that Jarman appeared to know some of the derogatory information about
[] but felt there were facts on the other side of the ledger. In any
event, he wished the Department to have the Embassy in Manila initiate
a letter to the Philippine government stating that the U. S. had no objection
to extension of [] visa to remain in the Philippines. Leahy advised
Jarman that it was doubtful if the Embassy would initiate action although
they might reply to a query. Leahy is now seeking advice from the Agency
as to whether or not we have any objection to the extension of the visa. He
will be advised later after the matter has been discussed with []
